TASCAM
TEAC PROFESSIONAL

1U 64ch
Digital Multitrack Recorder / Player

- **Capable of backup recording with operation synchronized to Pro Tools studio systems.** (e.g. Broadcasting stations)

- **Multi-playback device that meets the requirements of various systems and location capacity.** (e.g. Theme parks / Theaters)

- **Also, suitable for live recordings and conference recordings which require multi-channel audio source. (e.g. Live houses/concert halls/auditoriums/chamber floors)**

- *Embedded operating system for high stability and simple standalone operation*
- *Two card slots on the back are used for varied audio interfaces for flexible installations and usage.*
- *Uses SSD, which have excellent resistance to vibrations and great maintainability.*
  (cf. A 240GB SSD "TSSD-240A" installed in a caddy case "AK-CC25" comes with the main unit.)
- *In addition to LAN, parallel/serial external control possible*
