

SONANCE BEYOND SOUND

SPACE SAVERS

Reserve Space

Flat-packed & Lightweight

Easy to Transport

Reusable/Recyclable

Invisible Series Space Savers

Flat-packed, lightweight units designed to be installed into new construction to reserve locations for Sonance Invisible Series speakers and subwoofers during the early stages of construction. Sonance Invisible Series Space Savers are easy to transport and are reusable and recyclable. At the appropriate time, the speaker installer removes the Space Saver and replaces it with the Invisible Series speaker or subwoofer.
