PROFESSIONAL

ENVOI

PORTABLE BATTERY POWERED SPEAKER SYSTEM

PRODUCT OVERVIEW

Perfect for entertainment events and public speaking engagements, this compact, easily transportable system solves the dilemma of amplifying voices and music to a large audience when there is no access to AC power. The Envoi is fully wireless, with up to 12 hours of battery life, a handheld wireless microphone for mobility and even a Bluetooth receiver allowing users to stream music right from their smartphone or tablet. In addition, a fully featured built in MP3 player can handle any playback files stored on SD card or USB thumb drive for total BYOD compatibility. Envoi's superior crowd pleasing sound comes from a potent 360Watt amplifier built around cutting edge Class D technology. Expertly tuned for speech and music applications, the robust 10" woofer delivers impressive lows while a phase-aligned tweeter sparkles with high frequency clarity and articulation. From corporate meetings to beachside barbecues, Envoi brings the sound you need to make any event a success.
